### Bauer Gear Motor GmbH

Eberhard-Bauer-Str. 36-60, 73734 Esslingen, Germany

hereby declares on its sole responsibility that the following products:

#### electric motors in the following series:

**D..04, D..05, D..06, D..07; D..08, D..09, D..11, D..13, D..16, D..18, D..20, D..22, D..25, D..28**  
**E..04, E..05, E..06, E..07, E..08, E..09**

#### optionally in combination with

#### gear units in the following series:

**spur-gear units BG.., flat-gear units BF.., bevel-gear units BK.., worm-gear units BS..,**  
**overhead conveyor gear units BM..**

are in conformity with the following European Directive(s) as currently amended:

#### EMC Directive 2004/108/EC

Electromagnetic compatibility of electrical and electronic products – EMC

This conformity is demonstrated by compliance with the following harmonised standards:

EN 61000-6-1:2007	Generic standards - Immunity for residential, commercial and light-industrial environments
EN 61000-6-2:2005	Generic standards - Immunity for industrial environments
EN 61000-6-3:2007+A1: 2011	Emission standard for residential, commercial and light-industrial environments
EN 61000-6-4:2007+A1: 2011	Emission standard for industrial environments

#### Notes:

The safety instructions included in the supplied product documentation (e.g. operating instructions) must be observed.

The products must be connected directly to an industrial mains system:

- D.. series: three-phase system

- E.. series: single-phase system

In case of operation with a frequency converter, the instructions provided by the converter manufacturer must be observed and necessary measures must be taken in order to comply with the EMC Directive.
